DETAILED ACTION
FINAL REJECTION

I. ACTION SUMMARY

The Amendments to the Claims and Remarks submitted to the Office on August 22, 2006 has been fully considered and will be the basis of the following Action. Claims 33 and 34 are allowable.

II. RESPONSE TO AMENDMENTS

A. Election: Response to Election (Remarks August 22, 2006)

The applicant's arguments filed on August 22, 2006 have been fully considered and are not persuasive. The applicant traverse the restriction on the basis that the Examiner should examine the compounds of formula (I) wherein G is G2 and G3 as there is not a burden to examine all the inventions wherein G=G2 and G3. The request to search the invention where G=G2 and G3 is declined because the invention are distinct and independent. However upon further consideration the request to examiner Formula (I) where G=G2 and G3 has been granted.

B. 35 USC §103 Rejection

Applicant's arguments, see Remarks, filed August 22, 2006, with respect to the 103 Rejection have been fully considered and are persuasive. The rejection has been withdrawn.

C. OBJECTIONS

Claims 1, 8-22 stand rejected because said claims are drawn to more than one invention as the claims contain non-elected subject matter. Thus, to obviate the objection the Applicant should delete the non-elected subject matter.

III. ALLOWABLE SUBJECT MATTER

The allowable subject matter are claims 33 and 34 and the compounds and compositions of Formula (I) wherein:

Art Unit: 1626

A is phenyl or thienyl; B is benzofuranyl or phenyl, Q is C2-C4 alkylidene; X is sulfur or oxygen; G is G2 or G3. All other variable have the meaning recited in claim 1.

Applicant's amendment necessitated the new ground of rejection presented in this Office Action. Accordingly, **THIS ACTION IS MADE FINAL**. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.

A timely filed terminal disclaimer in compliance with 37 CFR 1.321(c) may be used to overcome an actual or provisional rejection based on a nonstatutory double patenting ground provided the conflicting application or patent is shown to be commonly owned with this application. See 37 CFR 1.130(b). Effective January 1, 1994, a registered attorney or agent of record may sign a terminal disclaimer. A terminal disclaimer signed by the assignee must fully comply with 37 CFR 3.73(b).
